#### A message to voters

e are pleased to present the voters communities of Macoupin County with this Voter Information & Election Guide. Inside you will find information not only about the 2012 general election ballot, but also details about Macoupin County polling places, absentee balloting, early voting and other issues affecting you and the election process. This publication also provides details about how to properly mark your ballot and how to cast votes for write-in candidates. I want to urge you to take time to read this guide prior to visiting the polls this year.

As your County Clerk, it has been my pleasure to work with staff members, party officials, candidates and elected officials to make sure the 2012 general election comes off without a hitch. As many of you know, this will be the first general election I've administered from start to finish. It has been both challenging and rewarding; I sincerely hope your experience casting your ballot is equally pleasant and fulfilling.

The right to vote is among the most precious of our American liberties. It is both a privilege and an obligation. It is a right enshrined by our forefathers and protected for more than 200 years by generations of military veterans. It is a concept that is still unknown in much of the world in which we live, and I want to personally urge all registered voters to take time to exercise their right to vote during this election cycle. If you are unable to visit the polls on Tuesday, Nov. 6, there will be ample opportunities to cast an absentee ballot or to participate in early voting.

It is my contention that all elections are important, and the upcoming general election is no exception. At the federal level, we will decide who will lead the country as President for the next four years. We also will elect a new representative to the U.S. Congress, and a new State Senator in the newly formed 48th District. Voters will make decisions about State Representative, Circuit Judge and Macoupin County Board members. In addition, several

will be voting on important local questions.

This year marks the first year for our new, comprehensive election website-macoupinvotes.com. The state-ofthe-art website allows voters to check the

status of their voter registration, find the polling place for their precinct, view sample ballots and obtain other information. On election night, the website will be updated regularly with election results for Macoupin County so voters will know the outcome of local races as soon as ballots are counted.

This has been an exciting year for me and for the Elections Office. Voters who need more information are welcome to contact my office at (217) 854-3214, extension 707; or visit macoupinvotes.com on the web.

Again, it has been my pleasure to administer the 2012 general election in Macoupin County and I deeply appreciate the opportunity to serve the voters of this county.

Sincerely,

Lincon

Pete Duncan

Macoupin County Clerk

## Voter Bill of Rights

## You have the right to:

- Cast your ballot in a non-disruptive atmosphere free of interference.
- Vote if you're in line at the polling place by 7:00 p.m.
- Be a provisional voter if there is a question about your registration status or your eligibility to vote in the election.
- Vote a federal ballot at your old polling place if you have moved within 30 days of the election.
- Request assistance in voting, if needed.
- Bring this voter's guide or sample ballots into the voting booth, but take them with you when you finish voting.
- Protect the secrecy of your ballot by using the ballot secrecry folder provided.
- Receive a new ballot if you make a mistake or change your mind.
- Check for voting errors (overvotes) after marking your ballot in a private and independent manner.
- ✤ Have your ballot counted fairly and impartially.

Page 5

If you believe these rights have been violated, call the Macoupin County Clerk's Office at (217) 854-3214.

#### Page 6

## Casting your ballot

#### **Optical Scan Voting is as Easy as 1 -2 -3!**

#### 1. Receive your ballot

Enter the polling place and give your name and address to an Election Judge. Complete and sign an Application to Vote. Upon verification, the election judge will give you:

- a paper ballot
- a privacy cover
- a pen

## 2. Enter the voting booth and mark your ballot

Enter the next available voting booth. To vote the optical scan ballot, completely fill in the oval to the left of the candidate or public question of your choice.

Be sure to mark both sides of your ballot if needed. If you make a mistake marking your ballot, return it to an Election Judge to receive a new ballot.

#### 3. Vote!

Cover your ballot with the privacy sleeve and insert the ballot into the ballot tabulator. The Optical Scan System complies with the Help America Vote Act (HAVA) to provide voters an opportunity to check for and correct ballot errors (for example, casting more votes for an office than allowed results in an overvote). If an error is detected, the system will gently beep and give you the option to accept the ballot as is (the overvoted office will not count) or you may return the ballot to an Election Judge and receive a new ballot. Visit the Macoupin County Clerk's website: macoupinvotes.com for additional information on the Optical Scan Voting System.

## FYI

- The ballot tabulator will notify you if you have overvoted an office or undervoted an office. Many voters intentionally skip offices which they do not care to vote in, but rarely intentionally vote for more candidates than allowed in any given office. You can either count the ballot as is or go back and check your ballot.
- The ballot tabulator will notify you if you have inserted a blank ballot or one that it perceived to be blank because it was not marked properly.
- The "paper trail" provided by this system of voting is not a receipt for the voter, but instead an actual ballot which can be recounted when necessary to insure the integrity of the system.

## Absentee voting

#### Who Can Absentee Vote?

Any registered voter in Macoupin County is eligible to cast an absentee ballot without specifying a reason they will be absent from the polling place on Election Day. Any registered voter may vote absentee in-person. But, if a new voter registered by mail and did not provide proper identification, they may not vote absentee by mail as they must vote in person for their first election and present identification.

In addition, the following unregistered voters are eligible to vote by absentee ballot under special circumstances:

- members of the United States Armed Forces while on active duty, and
- members of the Merchant Marines, as well as their spouses and dependents
- U.S. citizens temporarily residing outside the U.S.
- U.S. citizens overseas by virtue of employment or accompanying their spouses or dependents
- other U.S. citizens residing outside the U.S.

If you are not a registered voter, you will need to register in-person or by mail.

#### How to Absentee Vote by Mail

**Step 1:** Complete and submit an Application and Absentee Ballot Request to the Macoupin County Clerk's office. You can also request an Application for Absentee Ballot via email at elections@macoupincountyil.gov or call the Macoupin County Clerk's Office at (217) 854-3214. A packet which includes Application for Absentee Ballot, the ballot, Instructions for Voting by Absentee Ballot, certificate envelope and a return mailing envelope will be mailed to the voter.

**Step 2:** Upon receipt of the absentee ballot packet, follow all instructions on how to vote and return the ballot to the County Clerk's Office. Returned absentee ballots by mail must be postmarked by midnight on the day before the election and received within 14 days after the election. Voted ballots personally delivered to the County Clerk's Office by the voter must be received no later than Election Day before 7:00 p.m. There is a limited exception permitting ballot return by a spouse, parent, child, sibling, or a licensed delivery service where the authorization form is completed.

#### How to Absentee Vote In-Person

Any qualified voter may cast an absentee ballot in person at the Macoupin County Clerk's Office not more than 40 days or less than one day prior to the election.

#### **Absentee Ballot Integrity**

- It is illegal to:
- Make a false statement to obtain an absentee ballot or solicit someone to do so.
- Vote an absentee ballot unless you qualify for one.

#### Do not let anyone:

- Mark your absentee ballot, or unduly influence your ballot selections, unless you require assistance. Individuals who cannot assist voters include the Voter's Employer or Agent of that Employer or Officer or Agent of the Voter's Union.
- Sign your name on your behalf to the Application for Absentee Ballot and/or cer-

The Macoupin County Clerk's Office will need the voter's name, residence address, mailing address and date of birth at the time of request. tificate envelope. By law, the Macoupin County Clerk's Office compares the facsimile signature at registration with the signature provided on the Application for Absentee Ballot and certificate envelope.

Early voting

#### WHAT IS EARLY VOTING?

Page 8

Registered voters may cast a ballot prior to Election Day without having to provide a reason for wanting to vote early. This ballot is cast by personal appearance at the Macoupin County Clerk's office or at a location set up by the County Clerk.

## WHEN DOES EARLY VOTING OCCUR?

Early voting starts October 22nd and runs through November 3rd.

#### WHERE CAN PEOPLE VOTE?

The Macoupin County Clerk has establ ished more early voting locations and hours than ever before. Please check the schedule on the next page for a full list of early voting locations and hours.

#### IF I VOTE EARLY, BUT CHANGE MY MIND, MAY I VOTE ON ELECTION DAY?

No. The law prohibits a person who voted during the early voting period from voting again on Election Day.

## ARE POLLWATCHERS ALLOWED AT EARLY VOTING SITES?

Yes. Just as with a regular polling place on Election Day, pollwatchers may be appointed to observe early voting by personal appearance at each permanent and temporary polling place where early voting is conducted.

## WHAT ARE THE SAFEGUARDS AGAINST VOTER FRAUD?

Voters casting an early ballot must display valid identification such as a current driver's license, a state issued ID card or another government-issued ID with a photograph.

The votes cast during the early voting period will not be counted until after the polls close on Election Day.

#### WHAT IS THE REASON FOR EARLY VOTING?

A major reason for early voting is to encourage greater participation in the election. People who travel for business, work long hours or are otherwise inconvenienced by the hours the polls are open may find it easier to vote early.

## Grace period voting

#### Didn't get registered before the deadline? Forgot to change your registration? Grace Period Voting can help you

Grace period voting is for individuals who were unable to register to vote or change their address prior to the close of registration. The close of registration for this election was October 9th.

Grace period individuals may register to vote or change their address starting October 10th and continuing through November 3rd.

Grace period voting is only available in the Macoupin County Clerk's Office, 201 East Main Street, Carlinville, Illinois. Hours are Monday through Friday, 8:30 a.m. to 4:30 p.m., with special Saturday hours on November 3rd, 9 a.m. to 12 p.m.

#### Two forms of identification are required to register or change your registration during grace period voting:

- At least one of the two forms must show your name and current address.
- And only one form of identification may be a piece of mail addressed and delivered to you.

The second form must show your name. These forms of identification shall include, but not be limited to:

- Driver's License
- Employee ID
- Library Card
- Checkbook
- Social Security Card
- Student ID Card
- Insurance Card
- Telephone Book
- Birth Certificate
- Credit Card
- Utility Bill
- State ID Card

Grace period voters must vote on the same day they register to vote. They may not vote at the polls on Election Day.

For more information, contact the Macoupin County Clerk's office at (217) 854-3214, extension 707, or email elections@ macoupincountyil.gov.

## **Provisonal voting**

If any of the following six circumstances happen, the voter is entitled to vote provisionally:

- Election judges have NO record of the individual.
- A voter's voting status has been successfully challenged.
- A voter did not provide identification when registering by mail.
- A court order extends the time for the closing of the polls.
- The voter's name appears on the list of voters who voted during the early voting period, but the voter claims not to have voted during the early voting period.
- The voter received an absentee ballot but did not return the absentee ballot to the election authority.

If a voter is entitled to vote provisionally, the following procedure will be followed:

- The voter fills out an 'Application to Vote.'
- The voter fills out and signs the 'Provisional Voter Affidavit.'
- An Election Judge signs the 'Provisional Voter Affidavit' and marks the reason the voter is issued a provisional ballot. A copy of the affidavit goes to the voter.
- The voter may present information that supports his/her claim to be a qualified voter. This information is enclosed in the window pocket on the provisional envelope.
- The voter is issued a correct ballot and instructed that after voting, the ballot should be sealed inside the provisional ballot envelope NOT run through the tabulator.
- The voted ballot is then sealed in the provisional ballot envelope and the envelope is returned to the election judges.

- The election judges keep the provisional ballot envelopes secure but separate from the regular ballots.
- After voting provisionally, the voter is told how to submit additional proof of registration to the County Clerk and how after Election Day to determine if their ballot is counted.

What happens to the Provisional Ballots after the polls close?

- The 'Provisional Voter' should submit additional information to the County Clerk's office.
- The additional information should be received by the County Clerk no later than the close of business on the Thursday after the election.
- The County Clerk has 14 days after the election to determine if the voter is eligible and if their ballot should be counted.
- The provisional ballot will then either be counted or left sealed in the provisional ballot envelope.
- The County Clerk will add any approved provisional ballots to the Election Day results before canvassing.
- The provisional voter may find out if their ballot was counted, or if it was NOT counted, and the reason it was not counted by contacting the County Clerk's office.
- If the ballot is not counted, the 'Provisional Ballot Affidavit' will be used as a registration application and the voter will be mailed a voter registration card.

## FYI

- Always contact the Macoupin County Clerk's office PRIOR to Election Day to verify your correct voting status or use www.macoupinvotes.com to do so. This will hopefully eliminate the need for a provisional ballot on Election Day.
- Each Provisional Voter will be given a copy of their Provisional Voter Affidavit.
- Each Provisional Voter will be given instructions on how and when to provide additional proof of registration to the County Clerk's office.
- Each Provisional Voter will be given instructions on how to determine (after the election) if their ballot was counted.
- If a Provisional Ballot is not counted, the envelope containing the ballot will NOT be opened.
- Each Provisional Voter will be able to find out WHY their rejected ballot was not counted.
- If a Provisional Voter's Ballot is NOT counted, the Provisional Ballot Affidavit will be used as registration for future elections.

is returned to the election judges.

## **Results website**

Voters and others interested in results from this year's general election in Macoupin County can view election results on election night by accessing a new website which was first rolled out for this year's primary election in March.

To view election results, internet users may visit macopinvotes.com. Results will be updated periodically throughout the evening as ballots are tallied.

The new website will give any interested person more detailed information than ever before. Some of the new features include:

- The ability to select only the races the user wants to see instead of seeing all races.
- Breakdowns of which precincts have reported, how each precinct voted in a race, and whether each precinct's early votes have been counted.
- County maps showing precincts reporting, the turnout, as well as results from each race.

In the past, voters had to come to the courthouse to get detailed election results, according to Macoupin County Clerk Pete Duncan. The new system essentially brings the courthouse into the homes of Macoupin County constituents who want to monitor results on election night. "My staff and I are happy to provide this great tool to give every voter in Macoupin County the chance to see up to the minute results and information," Duncan said.

The new website is made possible by a Help

America Vote grant.

All interested voters are encouraged to visit the site prior to election night to become familiar with its features. While the Election Office staff can answer questions before November 6th, they will not be available to provide website troubleshooting on election night.

Voters also may use the website to:

- Check their voter registration and make sure their information is up-to-date and accurate.
- See the specific sample ballot they will be voting when they vote.
- Find their polling place and its address, along with a photo of the building and the ability to Google map it.
- Track their absentee request, just like it's a Fed-Ex package.
- Find contact information for every elected official in the county.
- Find the electoral districts in which they live and which elected officials represent them.
- Find precinct-by-precinct election results for every Macoupin County election from the 1982 primary through the 2012 primary.
- Find maps of various political districts.
- Find answers to countless frequently asked questions.

"When I took office, the Election Office presence on the internet was a voter registration form and the last election's results," Duncan said. "I've made it a priority to grow that presence and give voters the opportunity to better understand exactly how our process works and how their vote will be counted. Macoupinvotes. com will ensure that every voter will be able to access the information they need to knowwhat is on their ballot, their rights as a voter, where their polling place is located and more. My staff and I have worked tirelessly to provide macoupinvotes.com as a tool to empower Macoupin's voters."

He stressed that the websit is another step in promoting openness in county government.

"We will continue to add new features and information as it becomes available," he said. "I want to make sure that all voters are empowered to exercise their right to have their voice heard, not just for this election, but all elections."

Anyone with questions about the website may call the Macoupin County Election office at (217) 843-3214, extensiion 707, or email at elections@macoupincountyil.gov.

dents who wish to serve as election judges may complete training online, according to Macoupin County Clerk Pete Duncan.

\*\*\*\*

Duncan and Macoupin County Election Office staff recently completed work on the program, which is being offered for the November general election in addition to regular classes offered throughout the county prior to the election.

The four-part online training course was developed using grant funds. The first segment deals with the experience of being an election judge, and the tasks and concepts

\*\*\*\*

For the first time, Macoupin County resi- judges will need to know for election day. Part two covers the standards for being an election judge, and the requirements needed to ensure every vote is counted and counted correctly. The final two parts provide an in depth look at the tabulator and touch-screen machines used on election day.

> "A priority of mine has been to ensure our election judges receive the training necessary to make sure every voter can have their vote counted," Duncan said. "This online training allows thoses judges who can't make it to a class to still receive training, and

to provide a refresher before election day for judges who have attended a class in the past. I sincerely hope and believe this training will make this November's election one of the best we've had in Macoupin County."

The online training course can be found at www.macoupinvotes.com. Click "Judges Info" under the pictures of Macoupin sites.

Any interested member of the public can also view the training course by using the user name "public" and "public1" as their password.
