Message to Voters

he Consolidated Election coming up on Tuesday, April 6, could easily be the most important component of the election cycle. It is called the Consolidated Election because it combines elections for school board members, municipal office holders and township officials. Voters who participate in the Consolidated Election are choosing from among their friends and neighbors to pick candidates who will serve in local offices that directly affect the day-to-day lives of all local citizens.

Given the significance of the Consolidated Election it is surprising and perhaps a little disappointing that the General Election in November traditionally gets the lion's share of media attention and voter participation. For the November 2020 Presidential Election, three-quarters of the county's 32,000 registered voters cast ballots. Just a year earlier for the last Consolidated Election, less than 12 percent of our registered voters made their voices heard.

Such a degree of voter apathy seems misplaced when one considers how directly local office holders interact with constituents. Candidates elected to local school boards, for example, will determine policies affecting the quality of education for area children for the next few years. Similarly, those elected to serve

as city aldermen, village trustees and township trustees will make decisions affecting the quality of life for local citizens for the near future. Newly elected public officials will not only make decisions about the level of public services local governmental units provide, but also will have a hand in determining the taxes residents pay to support those services. Clearly, the Consolidated Election is a critically important event and I personally urge all registered voters in Macoupin County to take part.

This 2021 Consolidated Election Guide and Voter Information publication is part of our continuing effort to more fully inform voters about the election process and make it easier for them to participate in local elections. In addition to sample ballots, this publication includes information to help you find your local polling place, vote early or vote-by-mail. In an effort to be transparent, we've also included information about election security and how you can ensure your vote is counted. Our goal is to provide as much information as possible to make voters feel more comfortable about participating in public elections. Ultimately, we hope more and more voters will take the time to exercise their right to help choose their local governmental leaders. I urge you to take time to read this guide before casting your Consolidated Election ballot.

Virtually everything you need to participate in the Consolidated Election is included in this publication, but anyone who has questions or desires more information may visit our comprehensive election website at macoupinvotes.com or contact my office at (217) 854-3214, extension 707. By visiting macoupinvotes.com, voters can check the status of their voter registration, find the polling place for their precinct, view sample ballots and obtain oth-

er information. On election night, the website will be updated regularly with election results so voters will know the outcome of local races as soon as ballots are counted.

As always, it is my pleasure to administer the 2021 Consolidated Election in Macoupin County and I deeply appreciate the opportunity to serve the voters of this county.

Sincerely,

Pete Duncan

Pete Duncan Macoupin County Clerk

Vote by Mail Balloting

Who Can Vote by Mail?

All registered voters in Macoupin County are eligible to cast a vote by mail ballot, without specifying a reason why they will be absent from the polling place on Election Day. Voters who registered by mail and did not provide sufficient proof of identity will be notified by the County Clerk that their registration is not complete. They will be ineligible to vote until they provide the required proof of identity at the polling place on Election Day or when requesting a vote by mail ballot.

Can I Vote Absentee?

Illinois law has changed the name of absentee voting to voting by mail. If you want to vote absentee, you will now do it as a vote by mail.

How do I apply to vote by mail?

You can request an application to vote by mail in many different ways. You can come in person to the Election office, send in a request by mail, call (217) 854-3214 ext 918 or apply online at MacoupinVotes.com.

The Election office will need your name, residence address, mailing address and date of birth at the time of request.

What's the deadline to apply to vote by mail?

The deadline is Thursday, April 1, by 4:30 p.m. The Election office cannot mail a ballot to you after that time.

How to Vote by Mail

Step 1: Once you have applied and returned your signed application, the Election's office

will mail you your vote by mail ballot packet. The packet–including a ballot, instructions on how to fill out your Vote by Mail ballot, certificate card, and a return mailing envelope with prepaid postage–will be mailed to the voter.

Step 2: Upon receipt of the vote by mail ballot packet, follow all instructions on how to vote and return the ballot to the County Clerk's Office. Make sure to seal just your ballot in the secrecy envelope and place the secrecy envelope and certification card in the return envelope.

What is the deadline to return my ballot to the Election office?

Returned vote by mail ballots must be postmarked by Tuesday, April 6, and must be received by the Election Office within 14 days of Election Day. If you want to personally deliver your ballot to the Election office, it must be received by no later than 7 p.m. on election day. You may authorize any person to return your ballot to the election authority, as long as you have signed the affidavit on the ballot envelope affirming that authorization was given to deliver the ballot.

Can I receive assitance in voting my ballot?

If you receive assistance in voting your ballot, the name and address of the individual providing the assistance must be placed on the ballot certification card. Remember that a candidate is NOT allowed to assist a voter unless the candidate is a spouse, parent, child or sibling of that voter.

Military and Overseas Voting

Members of the Uniformed Services and their family members or U.S. citizens residing overseas whose last known address is in Macoupin County and wish to vote by mail may do so by completing and mailing an FPCA (Federal Post Card Application). By completing this application, you will automatically be sent a vote by mail ballot for one calendar year.

Vote by Mail Ballot Integrity

It is illegal to:

- Make a false statement to obtain a vote by mail ballot or solicit someone to do so
- Vote a Vote by Mail ballot unless you qualify for one
- Have a candidate assist you in voting unless the candidate is a spouse, parent, child or sibling of that voter.

Do not let anyone:

- Mark your ballot, or unduly influence your ballot selections, unless you require assistance. Individuals who cannot assist voters include the Voter's Employer or Agent of that Employer, or Officer or Agent of the Voter's Union.
- On your behalf, sign your name to the Application for a Vote by Mail Ballot and/or certificate envelope. By law, the Macoupin County Clerk's Office compares the facsimile signature at registration with the signature provided on the Application for Vote by Mail Ballot and certificate envelope.

EARLY VOTING INFORMATION

Early Voting allows all registered voters to cast their ballot prior to Election Day between Thursday, Feb. 25 and Monday, Apr. 5 by voting at pre-designated sites named by the County Clerk. No excuse or reason is necessary to take advantage of Early Voting. Any vote cast during the Early Voting period is final and may not be revoked. Early Voters are not eligible to vote on Election Day. COVID precautions will be followed.

Pete Duncan, County Clerk Dated February 1, 2021

The votes cast during the early voting period will not be counted until after the polls close on Election Day.

WHAT IS THE REASON FOR EARLY VOTING?

A major reason for early voting is to encourage greater participation in the election. People who travel for business, work long hours or are otherwise inconvenienced by the hours the polls are open may find it easier to vote early. Because of the COVID-19 pandemic, many people may also choose to vote early to avoid potentially crowded conditions on Election Day.

Election security is a top priority for all election authorities and the Macoupin County Clerk's office has continued to employ effective and forward-thinking cybersecurity measures to further strengthen our county's elections systems and safeguard our elections infrastructure against any malicious cyber activity.

Since the 2016 Presidential Election, there have been many questions and stories about how secure our Elections are and can our votes be hacked. When it comes to Macoupin County, we wanted to give you the hard facts about how our Election is secure

- None of our voting machines are ever connected to the internet, either in the polling place or when votes are being counted, meaning they can never be hacked
- All machines are locked and sealed to prevent any kind of tampering or system interference
- All ballots cast have a paper trail. Whether you vote a paper ballot or on the touchscreen, there is a paper trail of how your vote was cast
- All voting machines are tested before the Election with a test deck of ballots being voted on machines and then tabulated to ensure the machine results are correct and match the test deck of ballots
- While voting is occurring, Election judges periodically inspect the equipment

Election security is a top priority for to ensure there has been no tampering or election authorities and the Macoupin damage

- Election judges at the polling place confirm that there are zero votes cast at the opening of voting and must compare the number of ballots cast to the number of voters that applied to vote at the end of the day
- Poll watchers are allowed to observe all early voting and Election Day polling locations
- After the Election, a retabulation of selected precincts by the State Board of Election will be done to ensure that the reported results match up to the ballots cast

We take ensuring every vote is counted and counted correctly seriously in Macoupin. When it comes to cyber security, the County Clerk's office has taken numerous steps to enhance our security processes. While we don't want to detail them all publicly for those who may want to interfere to see, we have and will continue to try and stay one step ahead of any attempts to disrupt Macoupin's Elections.
